

How to use Kung Fu Panda Emoticons in MSN Messenger

- 1.Download the Emoticons to your hard disk and “Un-zip the archive”.
- 2.Launch MSN Messenger
- 3.Select the TOOLS menu
- 4.Choose EMOTICONS
- 5.Once in the Emoticons customization menu, choose CREATE.
- 6.Choose the FIND IMAGE button and browse to your “KFPemoticons” folder.
- 7.Select which emoticon you would like to add and click OK.
--We recommend selecting the large size since it will be scaled to chat size automatically.
- 8.You may also add a keyboard shortcut and a name at this time
- 9.Click OK when finished
- 10.Your new Emoticon will now be listed under Custom emoticons
11. You may select it and choose PIN, allowing you easier access to it within your emoticon pop-up menu.

How to use Kung Fu Panda Emoticons in Outlook Express

- 1.Download the Emoticons to your hard disk and “Un-zip the archive”.
- 2.Launch Outlook Express
- 3.On the TOOLS menu choose NEW MAIL
4. Make sure the email format is RICH TEXT / HTML and not PLAIN TEXT
- 5.Type your message and where you want to add an emote
6. Select INSERT on the Control menu and select the Image...
7. Browse to your “KFPemoticons” folder.
- 8.Select “Large” or “Small” of any emoticon you would like to add and click OK.
